## Rules for calculating the results of the competition

TMGM will calculate the ranking based on the percentage increase in account equity at the end of the competition. Rate of Return Formula:

$$\frac{\text{Final Equity} - (\text{Initial Deposit} + \text{Accumulated Fund Transferred In})}{\text{Initial Deposit} + \text{Accumulated Fund Transferred In}}$$

Initial Deposit = Account Balance on 1st September 2021 at 00:00 (MT4 Time)

Accumulated Fund Transferred In = Accumulated Deposit plus Internal Transfer In during the competition

Final Equity = Final Equity on 30th November 2021 at 23:59:59 (MT4 Time)

Credits are excluded from the calculation

Rate of Return includes profit and loss of all MT4 instruments

Example:

The trading account has an initial account balance of 5,000usd and 5,000usd deposited to the account and another 2,000usd is credited via internal transfer. At the end of the competition 5,000usd profit is made and 1,000usd withdrawal is done and the Final Equity is 16,000usd

Rate of Return is 33.33%  $[16000 - (5000+5000+2000)] / (5000+5000+2000) \times 100$

### Competition Rules

1. In order to join the competition, the participant must have an active MT4 account with TMGM.
  - Participants without an existing trading account with TMGM must first apply for an account before signing up for the competition.
  - Participants with an existing trading account and no open positions on 1st September 2021 at 00:00(MT4 Time) can sign up for the competition right away.
2. To be eligible to enter the competition, TMGM will only consider deposits received on the trading account after the 1<sup>st</sup> September. TMGM will review the account's balance within 1-2 business days after receiving the registration to enter the competition. The participant will receive an email once they are successfully registered and the competition group will be classified based on the account balance at the time the account is reviewed.
3. After joining the competition in either Master or Ares Group, moving between groups will not be allowed; if the participant requires moving to a different group, he/she will be required to join again (following rule 1). Previous records will be reset, and trading volume will start from 0 (zero).
4. Minimum required trading volume:  
For participants in the Master Group, to be eligible for the prizes, he/she will be required to trade at least 2 standard lots every \$1,000 deposit, for example:
  - \$3,000 deposits: 6 standard lots are required
  - \$10,000 deposits: 20 standard lots required

For participants in the Ares Group, to be eligible for the prizes, he/she will be required to trade at least 1.5 standard lots every \$1,000 deposit, for example:

- \$30,000 deposits: 45 standard lots are required
- \$100,000 deposits: 150 standard lots required

The participants are also required to meet one of the following 2 requirements:

- Hold at least 1 position for at least 10 days
- Open/Close at least 1 position per day over a 10 days' period

5. Participants must allow their relevant trading information to be published on the trading competition page.

6. During the competition period, withdrawals, deposits and internal transfers are allowed, but in the rate of return formula, equity will be calculated based on the sum of accumulated deposit and internal transfer into the trading account.

For example:

During the period of competition, the sum of accumulated deposit and internal transfer is 10,000 USD. Before the end of the competition, client withdraws 3,000 USD and the equity left is 7,000 USD. When counting the percentage of return, the starting amount will still be 10,000 USD and not 7,000 USD.

Please note that all withdrawals, including withdrawing profits or internal transfer OUT will reduce the percentage of return and competition ranking.

7. If the participant decides to leave the competition, he/she is required to send an email to TMGM (support@tmgm.com) with his/her trading account details.

8. Each participant or one trading team can have no more than three trading accounts (percentage of return will be calculated separately) during the period of competition to test different trading strategies. This does not mean that participants are allowed to use multiple accounts to conduct any behaviour that may be considered abusive to gain profits. TMGM will monitor all participants' accounts and trading patterns. If there is any abusive trading behaviour identified by TMGM's risk team, we will reserve the right to exclude the participant from the competition.

9. At the end of the competition (30th November 2021 at 23.59 TMGM MT4 Time), TMGM will announce the list of winners within 10 working days and send the awards to the winners' trading accounts within 30 working days. The cash prize can be withdrawn or used as margin for future trades.

10. In order to maintain a fair-trading environment for all participants, if unfair or improper trading patterns are identified, the participants involved will be disqualified from the competition. TMGM reserves the right to determine what patterns fall into 'unfair or improper trading patterns'.

11. TMGM reserves the right to change these terms and conditions without notice.

12. Investing in leveraged products carries significant risks and is not suitable for all investors.

## FAQs

1. How to sign up?

Click on "Join Now" and fill the sign-up form. A member of our team will be in touch with you to confirm you have joined the competition.

2. I already have a trading account with TMGM, can I participate with my existing account?

Yes, you can sign up for the competition with your current account provided that the account has no open positions as of the 1st September 2021 00:00 (MT4 time)

If you do have open positions then you will have to open an additional trading account before signing up to the competition.

#### 6. How and when will the prizes be assigned?

At the end of the competition (30<sup>th</sup> November 2021 23:59 MT4 TIME), TMGM will announce the list of winners within 10 working days and send the awards to the winners' trading accounts within 30 working days. The cash prize can be withdrawn or used as margin for future trades.

#### 7. Am I allowed to withdraw during the competition period?

Yes, during the competition period, withdrawals, deposits and internal transfers are allowed, but in the rate of return formula, equity will be calculated based on the sum of accumulated deposit and internal transfer IN.

For example:

During the period of competition, the sum of accumulated deposit and internal transfer is 10,000 USD. Before the end of the competition, client withdraws 3,000 USD and the equity left is 7,000 USD. When counting the percentage of return, the starting amount will still be 10,000 USD and not 7,000 USD.

Please note that withdrawing profits or internal transfer OUT will reduce your rate of return and competition ranking.

#### 8. Could I use trading strategies or EAs?

Under the premises of not violating the competition rules, it is allowed to use any trading techniques or expert advisor systems. Any arbitrage trading or any trading behaviour abusing pricing will result in you being disqualified from the competition.

#### 9. Can I have three accounts and participate in the competition simultaneously?

Yes, each participant can have up to three accounts to participate in the competition at the same time. The three accounts would have different trading nicknames to participate in the competition. The rate of return for each account will be calculated separately.

#### 10. How to check my results?

Ranking will be updated on the official website of TMGM Trading Competition.

The trading ranking will be updated at around 12:00 AEST every day. The ranking is calculated based on data as at the end of previous trading day (MT4 Time).

#### 11. How to claim awards?
